Dear Mr. Harrel:

This letter is a partial response to your Freedom of Information Act Request dated February 26, 2002 (request # 01-017). BPA has completed its review of the enclosed records and has determined they are appropriate for release in their entirety. However, BPA is still in the process of reviewing the remaining documents it has located in response to your request. Therefore, as permitted by the statute, I am taking a 10-day working extension of time. You will be provided with a response to the remainder of your request no later than April 10, 2002.

BPA understands that you represent a concerned landowner who has the potential to be directly impacted by this project. BPA is therefore releasing the enclosed documents for your client's sole use and requests that you or your client not photocopy the maps and/or records enclosed with the intent to distribute. BPA is concerned that some of these documents may pose the risk of national security concerns should they be distributed.

If you have any questions, please contact John Gleason at (503) 230-7318.

Sincerely,

A handwritten signature in black ink, appearing to read "Nancy A. Wittpenn", is written over a horizontal line.
